

Notes From CQBHA/MDL Meeting Jan 2009

**Present : Dave Wilson Marina Manager
Jonathan Saunders Chair CQBHA**

- 1. Dave has been working at the London Boat Show and is just back.**
- 2. 80% of customers taking up the early payment option.**
- 3. Dave has just put in some new extra recycling bins that take all recyclable rubbish no need to separate out.**
- 4. Dave is still speaking to the council regarding the bridge clearance display nearly ready to put forward the proposal to Head Office for the funding.**
- 5. The berthing offer has been a great success with few complaints. There have been a limited number of cancelations to date and an equivalent number of new berth holders. There is a significant number still to respond.**
- 6. The marina has been very busy with 3 times the number of boats out of the water that we have had in the past. Dave is of the view that this, in the main, was down to the discounted winter offer that was put in place and the extended time ashore. Is this you view?**
- 7. The dredging was completed on time and on budget, the dredger left on the 21st December most boats are back on the berths now with just one or two grumbles.**
- 8. Dave will be at the AGM, Jon Eads (MD MDL) will not be attending.**
- 9. As ever I would be pleased to get your feedback, comments and ideas. Please e mail me.**
